

Interactive Flat Panel Mobile Stand Installation Guide

Installation steps:

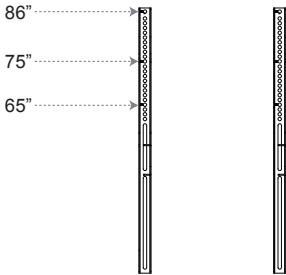

1. Equipment Preparation

Before use, make sure the following items are included in the package. If anything is missing, contact the retailer where you purchased the product.

- 1 Vertical Bracket × 2
- 2 Mobile Floor Stand × 1

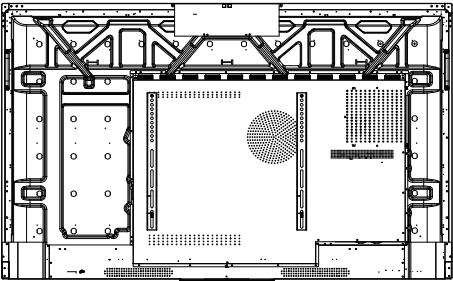

1 Vertical Bracket

Different sized devices are installed according to the different hole positions shown in the diagram.

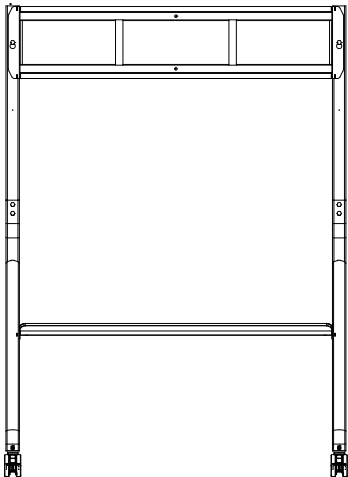

Interactive Flat Panel

The appearance of the back varies depending on its size.
Secure the vertical bracket to the back of the Interactive flat panel.

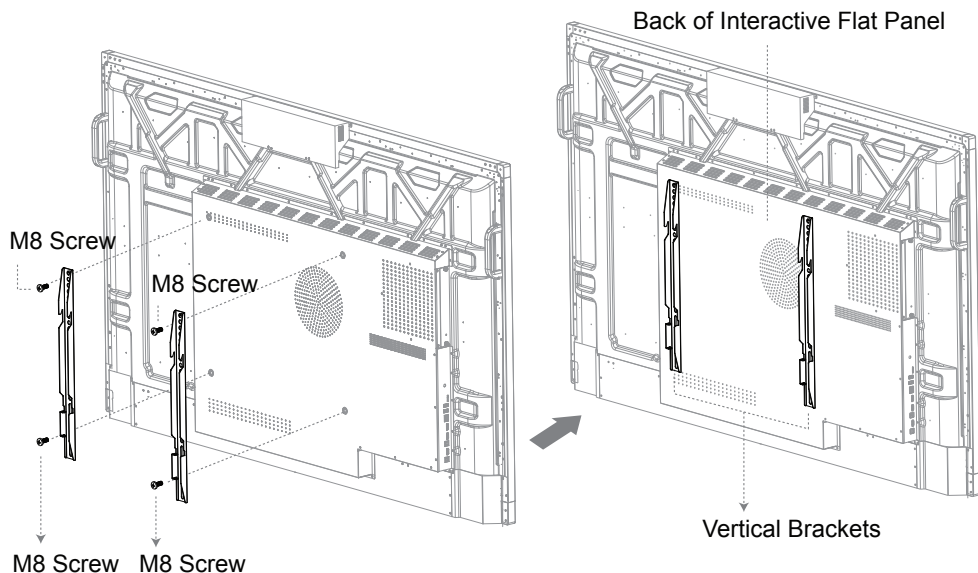

2 Mobile Floor Stand

Make sure to secure the bottom wheels during installation.

2. Install the Vertical Brackets

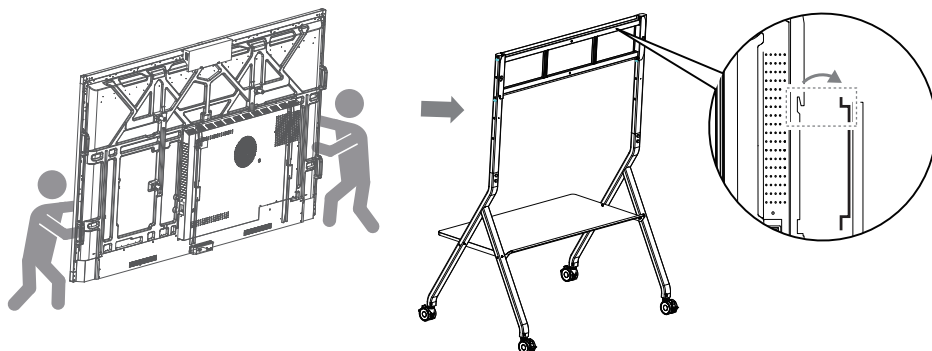

Attach the vertical brackets to the back of the interactive flat panel and fix with M8 screws.

3. Install the Interactive Flat Panel to The Mobile Floor Stand.

Mount the panel vertically on the bracket to complete installation and ensure that the panel is kept in the center of the bracket.

Note: It's recommended to have at least two people install the wall mounting bracket simultaneously. Avoid self-installation to prevent injury due to improper operation.

4. Fix the Interactive Flat Panel to The Mobile Floor Stand.

Then, tighten the M5 screw bolt on the vertical bracket and secure it to the wall mounting bracket.
