MYSHER

Seamless Connection, Crystal Clear Communication

AB03 AI Bluetooth Speakerphone

| 360° Omni-directional Voice Pickup	AI Translation	Built-in 6-Microphone Array x6	Sound Localization	Audio 3A Algorithm	Built-in High Capacity Battery

The AB03 is the portable conference speakerphone that rewards you with plug-and-play connectivity for connecting to meeting room disply, laptop, and smartphone via bluetooth pairing or USB wired connections. To let you feel free at any edge of the office room, AB03 packs itself with crystal-clear sound, including the 360 omnidirectional voice pick-up, build-in 6 microphones array, full duplex, and audio DSP technologies without echoes or distorted sounds even at max volume level. To enhance your conference call experience, AB03 is fully compatible with commonly used calling software, gives you the power to turn anywhere into a conference room. Via ViiMic's AI Speech-to-Text feature for use on IFPDs, the AB03 provides instant on-screen voice-to-text and multi-language translation during conference calls, breaking language barriers.

Features

Plug-and-Play Speakerphone Setup

Easy connect to PCs and Smartphones by plugging USB or connecting Bluetooth. Compatible with commonly used calling software, like Skype for Business, Zoom, Microsoft Teams, Google Meet, FaceTime, and more.

Omni-directional Microphone

With 6-Microphone Array, the AB03 speakerphone provides 360-degree coverage enabling hands-free collaboration and allowing attendees to hear and be heard from all angles.

Smart Voice Enhancement

Embedded Digital Signal Processing (DSP) Technology, it can optimizes your voice in real-time and effectively reduce background noises, so everyone in the meeting room can hear clearly.

Sound Source Localization Technology

Automatic detect and focus on the attendee's voice location to enhance the sound pick up quality.

Long Battery Life

Up to 8 hours of talk time with a built-in high-capacity battery, perfect for wireless meetings anywhere.

AI Translation (Android Only)

Paired with AB03 AI Bluetooth speakerphone for use on IFPDs (Android Only), ViiMic's AI Speech-to-Text feature provides instant voice-to-text and multi-language translation during conference calls.
